## **SIEMENS**

Data sheet 3MH7902-0CT10

Auxiliary Switch Front 2 NC Current path for 3MT7 and 3MH7 Contactor Screw terminal

| product brand name                                                 | SINOVA                                        |
|--------------------------------------------------------------------|-----------------------------------------------|
| product designation                                                | auxiliary switch                              |
| suitability for use                                                | 3MH7 Contactor relay and 3MT7 Power contactor |
| General technical data                                             |                                               |
| size of contactor                                                  | 0 to 4                                        |
| insulation voltage with degree of pollution 3 at AC rated value    | 690 V                                         |
| surge voltage resistance rated value                               | 6 kV                                          |
| protection class IP on the front                                   | IP20                                          |
| mechanical service life (operating cycles) typical                 | 10 000 000                                    |
| electrical endurance (operating cycles) at AC-15 at 230 V typical  | 100 000                                       |
| Substance Prohibitance (Date)                                      | 07/01/2022                                    |
| Weight                                                             | 0.039 kg                                      |
| ambient temperature during storage                                 | -25 +70 °C                                    |
| Auxiliary circuit                                                  |                                               |
| number of NC contacts for auxiliary contacts instantaneous contact | 2                                             |
| number of NO contacts for auxiliary contacts instantaneous contact | 0                                             |
| operational current of auxiliary contacts at AC-12                 |                                               |
| • at 24 V                                                          | 10 A                                          |
| • at 230 V                                                         | 10 A                                          |
| operational current of auxiliary contacts at AC-12 maximum         | 10 A                                          |
| operational current of auxiliary contacts at AC-15                 |                                               |
| • at 24 V                                                          | 6 A                                           |
| • at 230 V                                                         | 6 A                                           |
| • at 400 V                                                         | 3 A                                           |
| • at 690 V                                                         | 1 A                                           |
| operational current of auxiliary contacts at DC-12                 |                                               |
| • at 24 V                                                          | 6 A                                           |
| • at 110 V                                                         | 3 A                                           |
| • at 220 V                                                         | 1 A                                           |
| operational current of auxiliary contacts at DC-13                 |                                               |
| • at 24 V                                                          | 6 A                                           |
| • at 110 V                                                         | 1 A                                           |
| • at 220 V                                                         | 0.3 A                                         |
| • at 600 V                                                         | 0.1 A                                         |
| fastening method                                                   | snap-on mounting                              |
| height                                                             | 47 mm                                         |
| width                                                              | 23.5 mm                                       |
| depth                                                              | 41.5 mm                                       |

type of electrical connection for auxiliary and control circuit

type of connectable conductor cross-sections for auxiliary contacts

• solid or stranded

• finely stranded with core end processing

Approvals Certificates

General Product Approval

Test Certificates

other

screw-type terminals

1x (1 ... 4 mm²), 2x (1 ... 4 mm²)

1x (1 ... 4 mm²), 2x (1 ... 4 mm²)

1x (1... 4 mm²), 2x (1... 1.5 mm²)

Environment

CE EG-Konf. Type Test Certificates/Test Report

Confirmation

Environmental Confirmations
